## Putting our stamp on life

We, the students of Shawnigan have found a sort of Global Unity: there are 340 pupils, all have different backgrounds, cultures and experiences. There is much to be learned from our peers, and in simply passing the day at Shawnigan, students learn to look past the unimportance of passport stamps and instead, lay importance on character.

The stamp represents all that we are here for. We are here to learn, to succeed and to get involved. For every new experience, a letter is written and stamped home, every accomplishment is permanently stamped into our memory and most importantly, everything we learn will help us to **PUT OUR STAMP ON LIFE!**

# RELAXING at Shawnigan

Over the year life at Shawnigan tends to get really hectic, but there are a few moments when we can sit back and chill with our friends. This time is enjoyed by everyone. Even if it's just for a second, it's nice to stop thinking about prep or the big game or who will win the next election.

During first and last term the most popular spot on campus is, of course, the main gardens. It's where we get together to toss the birthday boy or girl in the pond or flick each other with ties.

Casual time is minimal, but you don't have to look far to find someone relaxing at Shaw.

# THE INK OF THE SCHOOL

**"If there is one thing that symbolizes life at Shawnigan, what would it be?"** Some would say curfew, others would suggest Rugby, while still more profess that the community attitude is key to life at Shaw. But more than anything, it's the students! Everything they do and all the attitudes they possess contribute to the excitement of student life, here in our educational wilderness.

**'Forget about it Becky! Check him out!'** Natalie Spenceley and Challa Saunders try to tear Becky away from the camera.

**"Where's that sound coming from?"** Mike Martin checks out Sheldon May's saxaphon while practising.

**Friendship Reigns!** Louise Egan and Nicole Nedeleg show just what friendship is made of.

"Looks like we've lost again!" Kyle Marr, Kenneth Mak and Steve Jackman look on in disappointment while their swim team does their best.

Au Naturel! Johnathan Hyman strums away a tune on a relaxing Friday evening.

"Ahhh!" Erin Kaye goes wild while doing her Physics homework.

# GRADE 8 EXPEDITION & INTER-HOUSE SWIMMING

The camping trip certainly turned out to be what the teachers wanted it to be, unforgettable. The grass stains still haven't come off my jeans!

Everybody had lots of fun and except for maybe a few cases of homesickness everyone managed to remain in one piece.

On Thursday, we woke up with a run and jog. We got to the camping site and started doing activities such as orienteering, nature walks and canoeing. Amazing, nobody capsized in the canoe!

After that everyone was mighty hungry and rather disappointed when they saw what was being served for dinner, but everyone managed to fill up on roasted marshmallows afterwards.

After a restless night, another jog and swim, we were dragged half asleep to the Carmanah Valley for a hike. After about a hundred slips and slides we arrived at a place called the Triplets.

It's called the Triplets because there are three of the world's largest pines all together. After Mr. Rolston took a couple thousand photos we all headed back happily.

After a night talking to Prefects about all the many rules and regulations, we all woke up for another swim and jog which was definitely not met with enthusiasm! We packed up our heavier bags, and after a mad race for the back seat on the bus we headed back to good ol' Shawnigan once again.

# Our Humble Abodes

On top of the world. Angus Mackay hides up amongst his plants and pictures.

Just brushing up on the rules. Tom Story studies the Gold Book. Yeah, right.

**"Metallicaaaaa!"** Tyler Hawkins - strumming wildly in the safety and security of his room in Ripley's.

**Where's the Game Boy Nadine?** Sarah Housser and Nadine Seaman resort to reading, for once.

**A sea of faces.** Rebecca Morley and her face mural, lounge on a Sunday evening in Kaye's House.

Spectators enjoy the sunshine and the competition at the interhouse swim meet.

"GET OUT OF THE WAY!" Sarah Robson and Robin Roth, part of the Shaw Pep Squad, cheer on the first XV and stay out of the spectators way.

# SPRIT

"Go P.J. Go" Groves House shows their spirit before the interhouse round the lake relay.

"Give me an S" Bryna McKechnie and Caroline Boyd lead the school house girls during inter-house volley-ball.

Dave Jones sings "Jack and Diane" with Medina Hahn at the school Fine Arts Festival.

The modern dance group show their stuff at the fine arts night.

"Ug Food!" As Dave Edgar (the well dressed captain of rugby) waits for his 6 pizza subs, Jennie Eyring and Mike Goodall watch in disgust.

## "Pizza Sub please!"

The Ritz should be a credit activity. There are few who would disagree with this statement. The Ritz is not only a place to stuff your face with every kind of monoglyceride and sucrose known to man, it's the one area of school that is meant to be used for just plain hanging around. True, it may be a bit disgusting watching the Shawnigan population shovel food into their face, but why ignore a big part of life at Shawnigan?

"CHEERS" Jason Kaye and Shane Kir kick back with a couple of Clearly Canadians after school.

Shawnigan's never ending line-up.

"Here're your shakes" The Ritz Lady, Bernice, does a good job putting up with the students of Shaw.

# Taking a Break From Reality

This picture speaks for itself! Louise Egan is masterful in her portrayal of a nerd.

Hey, I am super-Adam you can't hurt me, you fool!" Mr Cox tries to strangle Adam Thomas without success.

Lake Omar must be getting worse! Jordan Hooge prepares for its next gas attack.

Mr. Lane shows his feminine side.

Carrie Upton updates the school uniform.

# CHAPEL

"The exhilarating quest for discovery, the search to find what magic lies beyond the stars and inside the atom, is at once wonderfully insatiable and wonderfully satisfying. We cannot find happiness in contemplating ourselves, but we can find it in contemplating infinity. Reaching out, with our imaginations, toward its majesty, it will embrace us and inspire us." Jacques Cousteau

Excitement and anticipation are two key words for me and for the Shawnigan Lake School Community as I reflect on Chapel for 1991-92. The fall term presented some challenges along with many possibilities as our year began. Initially Chapel Services were held in the Assembly Hall as our Chapel was under construction to provide more seating in an enhanced environment. We soon returned to our sometimes cold Chapel amid the dust of construction to sing hymns of praise, to pray and to partake in the sacraments. This work was made possible in what I call an act of God in the form of gift by an anonymous donor.

#### Senior Chapel Representatives

Crucifer - David C. Ransom - Groves'

Senior Sacristans - Nathaniel Fowler - Groves'

Senior Sacristans - Michael W. Cleare - Lake's

Senior Server - Matthew J. Shaw - Ripley's

Senior Sacristans - Matthuw R.T. Jones - Lonsdale's

The opening quotation by Jacques Cousteau is symbolic of what we all might be striving to achieve. As we contemplate infinity all we have to do is look to the peak of our new chapel tower as it points to infinity. As we continue to observe and reach out with the gift of imagination God has given us possibilities will be presented. We will be challenged and embraced knowing that there is something in the mystery for all of us. Our lives are in transition. May we always be open to receive everything God has in store for us.

Blessings to all,

### Ski Week

While last year was the school's 75th Anniversary, this year we went to Manning Park Resort for the 20th Ski Week. Once again, those post-Christmas blues were forgotten, as we spend the first week of February in the sun and snow.

Cloudless skies, and plenty of snow joined us for the entire week, and it seemed like a very early Spring. The ice-sculpture was organized up on the mountain, and School House prevailed, but otherwise Carnival

Wednesday was all that we have come to expect. Other evenings were spent attending a presentation, gambling at

Windy Joe's, and just relaxing in front of a video.

Up on the hill, snowboarding became the fad, as snowboarders almost outnumbered the skiers. Others tried cross-country, and snow-shoeing, but everyone finished each day tired from a hard day of skiing (except, of course, for the five people who injured themselves on the first day).

Many thanks are due again to Mr. Grey for organizing the week - will you make it to the 30th Mr. Grey?

N. Smith

"My back!" Head of House Dana Wade looks rather ain stricken as the rest of Maye's House piles on.

Bryna McKechnie rides Shannon Butler to the finish line.

"We're just keeping the snow warm!" N. Fowler, M. Hahn, J. Steven, D. Tillie and C. Vioen happily sit in the snow.

# Keeping it all together

What is a school? Teachers? Students? Of course, but it is also much more than that. A school like Shawnigan depends on many people and we would like to acknowledge the contribution made by the office, kitchen, housekeeping, commissary, maintenance and transportation staffs. Without them we would not have a school and we thank them for KEEPING IT ALL TOGETHER.

# INK OF THE SCHOOL

**Walking in through the main gates, a beautiful ivy-clad building stands, before it rests a pond surrounded by grass. On the hill three well-lived in buildings perch overlooking the lake. This scene is a total waste without the students to appreciate it, without students, the school is just as described - a group of buildings. It's like a fountain pen with no ink, a rubber stamp without an ink pad. The students are what make Shawnigan complete. What follows is quite simply THE INK OF THE SCHOOL.**

## **'Grade 8 Class'**

This is the year of initiation. The beginning of a new life, where you start with a clean slate, make your own rules and create a new and improved reputation. You come to this school to learn how to live and how to get a job. This is not where you mess around, this is the year in which you begin your voyage through secondary school and through life. Although you start at the bottom, you have high hopes of being the top. One day you will succeed, but only with the help of your grade eight year.

Grade 9: What does that bring to mind? Relentless persecution by prefects? No respect? Well partly true, though Grade 9 is better than most people say it is.

Last year, for instance, if you are a returning student, you were in Grade 8 - not so much fun! Being ordered around by everyone in the school, getting the dirty jobs, the earliest bedtimes and the least boy's bank. Fun? All of a sudden things change. Magically after two months of relaxation, you are transformed into a Grade 9. But wait . . . ! Since you are one of the lucky returning Grade 9's, you get the first week of House jobs so that you can "show the new kids how it's done." After you finish that, you think you'll try out your new found power - "Get me a coke" - "Get lost". Yes, that was really successful. What has happened to the younger generation? No respect. And how about seniority? For instance, "Ah, I see you are ahead of me in line. Well, my 25 friends and I are all in Grade 10, 11 and 12 so we're going ahead of you. so sorry . . . "

The rewards of Grade 9 are looking forward to Grade 12.

# STAMPS OF OUR FRIENDSHIPS

**"A Home away from home, but with thirty extra parents."**

**-Adam Thomas**

**A house is just that - a home away from home. It's a small community with all the elements of friendship, responsibility, and sharing. After a student leaves Shawnigan he is no longer identified as "the short little kid from Ripley's" but instead, as an individual. It is the experiences that the student has had in the house that has shaped him/her into an adult.**

A love/hate relationship. Sue Pritchard strangles her laughing sister, Jen while Candace Bonfield tries to save her friend.

Dave Stephen and Mike Goodall give us an inside look into the domain of a boarding school man.

"I can't believe I have to do this!" Piers Roberts complaining about his homework load to Ryan Bezemer.

Houses breed friendship. Alanna Mason and Gwyn Jones demonstrating their new-found companionship.

I'm sure we will never forget him saying "uh . . . don't you think it's about time to get up?" or "uh . . . guys!" or "another feather in our cap."

Copeman's has been full of high spirit and good times all year long. We thank Mr. Noble for making it work so well. I also give my thanks to the whole house for making this the best year ever. Good luck in the future.

Thanks,

# Lonsdale's

Despite having fewer inter-house points, Lonsdale's has been a smooth running house throughout the year. Leadership has been provided by the senior members of the house, among whom were Ryan Hinds, Gordon McGeachy, Adam Thomas, Alvaro Santistevan, Jamie Pallardi, and Ryan Bowes.

Though under estimated for its academic achievement, Lonsdale's was well represented by Shane Kim, Benny Suen, Sonny Mehta and Tony Redekopp, who retained strong academic standings throughout the year. We also look for continued success from Sean Jack, Ryan Koenig and Ewan Anderson.

Our house was a dominating force in Ski Week competition, we were a house possessed. . . . but unfortunately this was not included in the calculation of house standings. If it had been the dog sled race, obstacle course and the tug of war would definitely have catapulted us into first place.

On the rugby field, our 1st VII were untouchable. Unfortunately, our 2nd VII did not score a try. We are sure that with exciting, new players such as Sean Jack, Blair Wilkinson, Judson Heller and Andy Mackay, and the veterans, Matt Jones and Aaron "Biff" Chapman, victory will again be ours, as C.W. would have wanted it.

With these "deep thoughts" I thank Niall MacPherson, our kilt wearing friend and junior duty master, from Scotland. Also, G.O.D., Lou, Darren, and the rotator for keeping a close eye on us crazy, wild men. We owe you more than we can say and we thank you.

To our housemaster and house, the parting graduates and I wish you all well in the future.

Good Luck Boys,

# Groves'

The men of Groves have fared extremely well this year in all aspects of life at Shawnigan. As usual, Groves has placed first in Academics (excluding the girls) with strong performances by many students in the house. As far as sports are concerned, the boys were on and off. Keeping with tradition we lost the Around The Lake Relay (on purpose!!). The junior/senior sweep in basketball brought new life to the House, but, unfortunately, we sat on the fence for most other events (so far...)

Our house spirit never dwindled because as our fearless leader says "Academics will win the trophy in the end" D.W. Groves' has run smoothly since September due to the excellent set of grade XII's and the house advisors. Groves' has been a most enjoyable place to live for the last five years, with this year being no exception. Thank you to Mr. Williams for making our grade twelve year very special. That's the news and we're outta here!

# School

As an independent house from the Annex, except in sport collaboration during interhouse events, School House had the opportunity to concentrate on its own, smaller identity this year. The arrival of several new girls enriched us as a group, adding fresh energies and talents. Athletes, artists, scholars, talkers and listeners within our house formed a collage of talents and personalities. The crucial patience of our Ritz Queens and Mail Lady, helpful prefects, duty staff, and Ms. Montag's easygoing approach to the house's operation all combined to create a relaxed atmosphere for

everyone.

School House has had many competitive successes, and one landmark. Ursula, our wicked sea-witch, came in first place above all other houses at Ski Week's Ice Sculpture - a feat not accomplished by any girls' house before. We swept up in downhill skiing, Sr. Basketball, Squash and Sr. Volleyball. In academics, we had several diligent and studious girls racking up house points throughout the year. Our house spirit is a major source of pride; School House is always supportive and involved. Bowling and Dairy Queen, Talent Nights, Gr. 12's Mexican and Pool night; Sheana's farewell party and

cake war (surprise, Paula!!!), and the everyday things we'll remember as part of the year, combine to build our house's character. There's a well of spirit and potential to lead School House in the years to come; I am confident that we will remain a happy and successful house. Our grads are proud of, but will miss, what we are leaving behind in our little, energetic community called School House.

# Lake's

Lake's House had a successful start this year coming first in the inter-house swimming with the outstanding performances of Enrique Bours in the junior and Marcus Steiner and Jorge Usabiaga in the senior. Our luck continued to grow and we managed to come second in the Around The Lake Relay and Rugby with the great performances of Wyatt Killam, Miles Bate, Gord Frost and Dave Meredith.

Even though our academics have never been great, several individuals stood out in this area - Young Hun song and Irfan Verjee. Nick Smith and Craig Whyte achieved

School Colours in academics. John Aeichele, Jorge Usabiaga and Nick Smith (again) received School Colours in Rugby.

We had many new junior students as well as Scott Carr and Mike Keeling, joining us in the second term, as junior masters. It was a little hard for everyone to get settled at first, but by the end of the first term, the house came together extraordinarily well.

Special thanks must go to Mr. Candelaria who helped us to get through all those, tough study days

with his Sunday night sweets and his great desire for improvement. Without our Housemaster's guidance, and the assistance of Mr. Carr, Mr. Connolly and Mr. Leary, Lake's would simply not be the same.

On behalf of Lake's Grads, I'd like to wish the best of luck to everyone in the future.

# R i p l e y ' s

The Ripley's tradition was started again in the late summer months of September. Scattered throughout the world, the dudes of Ripley's had again gathered back home at the Mecca of Ripley's house which introduced many new faces and welcomed back many old family members. Equipped with the heavy artillery, Ripley's went into the year at full gallop. The house was strong and together at the first stride and continued to be so throughout the year.

Life in Ripley's proved to be very positive and adventurous. The spirits and attitudes of all, helped through the

roller-coaster times. Direction was provided by our fine prefects and under their regime the house captured many awards and trophies. Our successes ranged from interhouse Rugby to senior Down-hill Skiing.

Unfortunately, our academic goals were not quite met and we hovered in the middle of the standings for most of the year. This just goes to show that even the best have their faults. I would like to thank all the members of the house for a great year - our new Junior Master Mr. Kaye for a fine performance in the running of things, and of course Mr. Gotthardt, Mr. Lane

and Mr. Bonfield for support in the house. Mr. Grey, the backbone of the house, has again brought the magic of Ripley's alive. We cannot thank you enough, Sir, for everything you have done for us.

On behalf of this year's grads, I would like to wish the house the best of luck in the future. Grrrr!

# Kaye's

Throughout the year, the house has been one big family. A census taken around the house showed that what the girls liked most was the caring atmosphere, support and help whenever there was a problem. The house is always cheerful and loud with music 'blaring' through the so called "sound-proof" walls.

Kaye's House has always had great spirit and although our main cheerleader, Kristen Bendickson was greatly missed in the second term, the house spirit kept going. We were successful in most interhouse sports and academics, and many personal goals and victories were achieved. As far as successes go, Maria and Medina

both played leading roles in the musical with many other girls participating in the chorus. Katherine presented a monologue on several occasions, Joyce Yen placed first at the Cowichan Music Festival with her dance, and Medina, Megan and Sarah Housser, all sang at one of the school concerts.

The Prefects in the house, Katherine Silcock, Joyce Yen, Stefanie Westarp, Sarah Robson, Kelly Jellema and Rebecca Morley, held the house together. Whether it was struggling to get the downstairs rooms clean and quiet or just being a friendly face when a problem arose, this year's grade 12's have been wonderful.

As a house we'd be at a loss without Mrs. Carr. Even though our appreciation may not have been shown, we owe a great deal to the caring hand of our housemistress. The house staff, Mrs. Hall, Mrs. Towner and Mrs. Felix, kept the backbone of the house standing tall and proud. Brian, our house dad cannot be forgotten and we thank him for bringing us closer together with Sunday night "Disney Cartoons". For a family so big there's definitely a lot of love and togetherness.

Good luck in the future.

# STAMPING OUT THE COMPETITION

It isn't the inspiration of an old pair of gym socks or a dusty trophy that drives the Shawnigan students to the finish line. It's the teamwork, dedication and participation, that pushes our sports teams to the top. We have all suffered the reality of defeat and the joy of victory. And it is with this experience behind us that the athletes of Shawnigan try to STAMP OUT THE COMPETITION!!!

Volleyball Volleyball Volleyball Volleyball Volleyball Volleyball

The Rugby year began early on September 5th with yet another pre-season camp to prove that we were all out of shape. Our hard efforts early in the season paid off later as we carried on to be Shawnigan's "winningest" team in D-H-L's records. In saying that, I should also say that, on occasion, we played below our potential as in our first game against Saints. Our second effort against them was a total turn around and we lost narrowly in a hard fought match.

This year's entire team had incredible talent. George Henderson was called upon to slide into the full-back position where he proved to be impressive. Gordie McGeachy and his magical boot kept us in games on more than one occasion. Aeichele, Stephen and Chapman set up a powerful front row. Opposition teams had little success when competing against these rocks. Adam Thomas made a vast improvement over last year and his game is getting better and better. Hans Steidl, Aaron Chapman and Matt Jones will form an excellent nucleus from which to start building next year's team. All three have a good grasp of the concepts of the game and can only grow from there.

Next year, I will remember the unforgettable experience of captaining this team. Rugby to me will always be fun but nothing will ever compare to playing for Shawnigan with this bunch of guys.

Thanks,

This season, there were not enough athletes in the 2nd game to form both a 3rd and 4th XV. Nonetheless, the boys who did participate at this level worked hard to improve their skills and compete with rival squads--particularly the Brentwood teams.

If one factor kept us back more than any other, it was our seeming inability to play a full game in top form. We finished all our games strongly, but we tended to use the first half of each game to warm up rather than play.

Special recognition should go to Gordan Frost, our team captain, and Pablo Domene, Adam Starr, our star tacklers, and Kyle Marr, our fullback.

This year at the beginning of the season the Colt C rugby looked very promising. Unfortunately our record did not reflect the type of players we had. We did not win any games, but we lost two to Brentwood in the dying seconds of the match. The senior girls had a good opening to the new season. Made up of a mixture of grade 12's, 11's and three grade 10's we tied Brentwood 1 - 1 and won 3 - 0 in the first two games. Unfortunately the juniors weren't as successful and got off to a rather shaky start. The team consisted of grade 10's, 9's and three grade 8's. Four of the players had never touched a stick.

The I.S.A.s approached quickly, the juniors played very well but didn't win any games either in this event or in the Mid-Island tournament. The team was very enthusiastic and team spirit helped both on and off the field. The seniors faced quite a challenge at this tournament because we were in a more experienced pool. We placed 5th with 2 losses, a tie and a win. The level of hockey played was the best all season and thank you to Carrie Roberts who played for the seniors

Due to weather conditions and rugby games, both teams noticed how short the season was. In the usual Shawnigan tradition, the seniors bounced back after a 2 - 0 defeat to tie Brentwood in the last game of the season. Even though the juniors didn't win a game we tied Brentwood "B" twice 0 - 0. The scores were always kept low thanks to the junior goalie Paula Navratil and the senior saver Megan Milliken. Fond memories include: Vicki rolling around the field during every game, Carmen's power hits, Kelly's six goals and Mr. Grass and Murphy for battling the elements to be our lone supporters for most of the games. Thanks to Miss Lowes and Mrs. Grass who provided supportive coaching and positive influences. Thanks for a great season.

## **Junior Volleyball**

Our Junior Volleyball team this year was definitely a great one. There were only two players who had been on the team the previous year so it was amazing to see how much talent there was from the new arrivals. The skills of everyone on the team increased tremendously throughout the term.

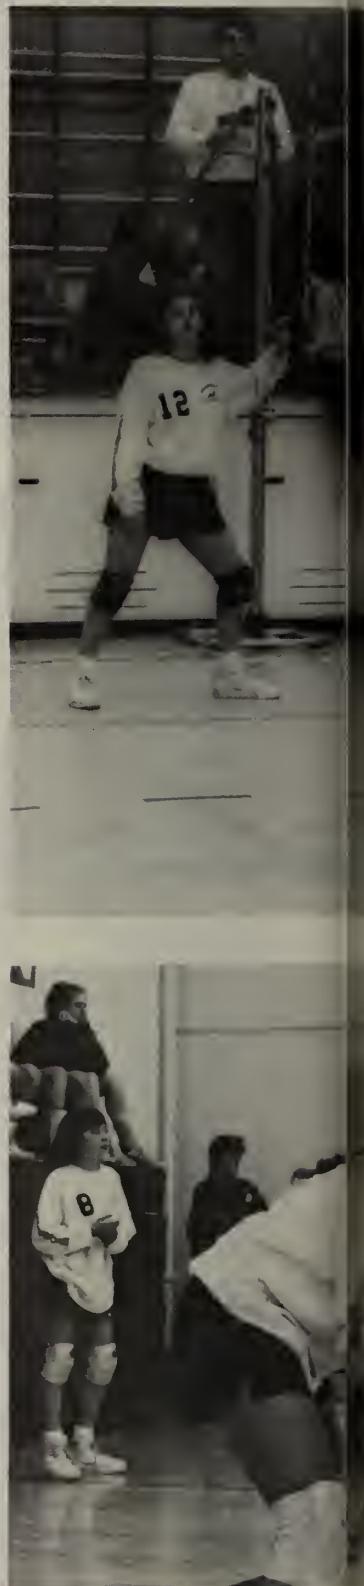

With Gwynn and Andrea our setters and Jeni, Dominique, Steph and Colleen our excellent bumpers nothing got past them, especially with the help from our defense players Shelbree, Peggy, and Suzuko. We also had Ciarra with her great serves which were very consistent and Maria with her powerful overhand. Maria and I had the great pleasure of being appointed team captains. We thank everyone on the team for their enthusiasm and effort. We also thank our coach Mr. Simonton and Louise Egan for their time, effort and support. We had a successful season and I'd like to wish Andrea, Colleen and Aureil good luck as they lead the Junior Volleyball team next year.

Adrenalin. If there was one word that described both the downfalls and the successes of the Sr. Girls Volleyball team it would be that. A poorly played game always proved to get the team motivated, and it was the three losses to Brentwood that gave us the determination to put us on center stage at the Island Championships. Everyone stopped to watch as S.L.S. took a set off Brentwood in the best match either team had all season. Adrenalin. There's nothing like it. With the help of Mr. Carr, (an excellent coach although seemingly tense on the court. Joke!) the girls team for the first time in the history of the school placed in the Island Championships. We narrowly missed 2nd place by an extremely controversial call by the referee, but had a solid 15-06, 15-10 win over Q.M.S. for third. Despite the obvious disappointment of not making it to the B.C's our season as a whole was very successful. Our record was 15-6 in our league, the four games lost to Brentwood inclusive. Thanks again to Mr. Carr, and good luck to everyone in their future volleyball endeavors. Robin Roth (Captain)

## Running and Weights

For all those seniors who don't play rugby or field hockey, there is still hope to stay fit, to get those muscles to reach maximum "pumpitude." There is Running and Weights. It is an individual sport which allows one to work at his or her own pace. For good results this sport requires dedication. This year, to name a few, Stathi Tsangaris, Houston Peschl, Shaw Madson and myself have worked really hard "buffing up!" Running and Weights has been a lot of painful, hard work, but it's worth it because now, when I go to the beach nobody will kick sand in my face!

## Badminton

Badminton this year was a recreational group of 20 keen and eager senior players, including 14 boys and 6 girls. Mr. Leary worked us extremely hard every practice and we all greatly improved our basic skills and strokes. Although we did not play in any tournaments outside our school, the annual inter-house badminton was held in the beginning of the year.

Copeman's did incredibly well and won all their matches in both singles and doubles. For girls, Kaye's House managed to win a close match against School House. (For the second year in a row, we're pleased to add.) Without the perseverance, determination and patience of our coach, our team would not be as awesome as it was for a fun and recreational season. Special thanks must go to Mr. D. Leary for his kind fatherly words of advice and his devotion to badminton.

Love, your badminton team.

## Squash 1991-92

A large number of students signed up to play squash during the 2nd term. Unfortunately, many potentially good players had to be turned away from the programme due to a lack of facilities.

At the Western Canadian Junior Championships held in Vancouver, Eoin Cosgrave acquitted himself extremely well and won the Under 19 Boys' Novice category. The season started with some games against Brentwood where Shawnigan juniors played well to win all of their games, while a relatively inexperienced senior team gained valuable experience. The Pacific Northwest Junior Tournament will be held in Victoria following Ski Week and the results will be published in the postscript to the Year Book.

Once upon a time there were a group of Shawnigan students who went swimming in the lake during September. We thought it was cold, little realizing that we would be swimming at Long Beach in November, Brrr!!! However, this year's "yaking season" was really good, once we got over the initial temperature shock and being told to make ourselves flip!

We went on two trips. One to the Broken Islands and one to Long Beach. Both were awesome yet completely unique. None of us will ever forget

playing hide and seek, singing on the rock, watching Jeff and Bryan make funny faces to Baby Yates, staying up all night, going swimming and telling jokes to Mr. Yates and Ms Montag.

All in all, kayaking was a wicked sport to take and we got lots of exercise trying to go in a straight line. Yet, the true mystery will always remain: how did the kitchen make those brownies?

Dopey Dalokey was an odd little fellow  
He sat in the buttercups til he turned yellow.  
"Do you like butter?"  
He asked Little Jilly  
She crunched up the flower,  
"No! Don't be silly!"

"People say I'm simple  
For playing all day  
But I love the buttercups!  
What do you say?"

Should I be smart like you?  
Should I go to school?  
Should I study like you  
and not be a fool?"

I considered my texts  
And looked at him so blue  
"No, Dopey," I said  
"I'd much rather be like you."

### **Love and Marriage**

You gave me some chocolates,  
You gave me a rose.  
You went down on your knees,  
Popped the question and froze.

Would I marry you? Maybe,  
It all would depend.  
Could I put up with your faults?  
The list just doesn't end.

You chew much too loudly,  
You snore as you sleep.  
You don't flush the toilet,  
You dress like a creep.

You read filthy books  
You watch too much telly  
You love polyester and  
Your arm pits are smelly.

So, would I marry you?  
Of course there's no doubt!  
There never was question.  
Get rid of that pout.

I love every bit of you,  
For all that you are.  
Your good points and bad points  
Especially your car.

I love you quite dearly  
I can't wait 'till we're wed  
Our future together  
Leaves nothing to dread

So the answer to the question  
You asked me before  
It's YES silly fool  
And to that there's no more.

You stumble towards the light  
Brilliant as heaven  
The far light calling  
On the far shore  
Your head clears  
As you step off the escalator.

## Rifle Club

This year we can say with satisfaction that the renovation of the rifle range is complete. The last two years have seen new foundations installed, electric heaters hooked up and new insulation on the floor. This year more than fifty years of dilapidated roofing was removed and a new roof put in place just before the fall rains.

Stathi Tsangaris is the captain this year assisted by Kyle Mier. At the time of going to press the club plans a visit to the Cowichan Rod & Gun Club (to shoot large calibre handgun on February 23rd).

At the present time the club numbers 30 members. Last year, half way through the year they have earned 14 Bronze, 7 Silver and 7 Gold awards. Previous awards have been won by Jay Lammer, Shellyne Van der Veen, Harry Shetibear, John Houston and Kenneth Mak. Both Tsangaris and Mier have been awarded Standing Creeds and are now working on their Expert Shields.

Among new comers this year, those who have made the greatest progress are Shellyne Van der Veen, Kenneth Mak and John Houston.

## Woodwork

Woodwork continues to be popular, with membership closed at 24. The shop is open for 3 afternoons each week. The arrival of Mr. MacLennan this year and his assistance in the workshop has made a vast difference. More students now receive assistance each session than they have been able to in the past. Scott Rickard continues to work on his 8 foot boat. Lock boxes for students rooms are a popular item as are small wall clocks, speaker cabinets, computer desks and CD disk holders. Katty Jeffries has made a small table and Tracy Haugan has been involved in many projects. Anita Heggen has almost completed her crocheted bench seat and bookcase and Sunny Chiu recently became interested again. Gordon Frost has been working with Melamine board and he has produced some very nice looking shelves. We are experiencing a busy term and it appears that this will continue to be the case. R. Carr

## Fabric Art

In the three years that I have been in Fabric Arts, this year has seen the largest number of students in the activity. The year began with only nine students but before the end of the first term, the class had increased to seventeen students.

Many of the students are new to weaving and are eager to learn. Most of them usually start on small projects such as scarves and small rugs. Because of the shortage of looms, a few students have started using the sewing machines to make boxer shorts, banners and flags. This has been a good activity and we have all had a lot of fun.

## Pottery

Pottery this year was fun. By mingling with people and our wonderful teacher, Margaret, we learned how to make pots and design. There were quite a few people in pottery this year and the best thing about the activity was getting the pots fired and seeing how they turned out. We used both coil technique and the wheel and some of the things we made were pots, vases and sculptures.

### Stained Glass

This is the third year of Stained Glass at Shawnigan and the course now has ten students. It is a course which requires a lot of patience and consistency. You take and everyday idea and turn it into something bright and eye-catching. The finished product requires many hours of cutting, grinding, fitting and soldering the pieces together. The students have now progressed from straight to curved lines and are creating their own window designs. Although it is difficult at first, stained glass can be a very interesting and fun filled activity. The students of the 1991-92 class send their best wishes to Mr. Webb since this is his last year of teaching this activity.

### Story Telling

"Please give me the opportunity to tell you a story." Storyteller's Zen.

Stories - still probably the best form of entertainment. A chance to let you use your imagination and animation skills. Both telling and listening to tales from all over the world are a great way to learn and teach. With several successful public appearances under our belts with parent/student groups, we managed to entertain both the old and the young. We have a vast library of stories from Russia, Africa, American, India, France and many more. We learned how the Sun and the Moon came to be, the fate of Walker by Moonlight, and how the rhino's skin came to be rough. We had an excellent time under the superb instruction of Mr. Bonfield who introduced us to the motto for storytelling 1991/92.

## Yearbook

There isn't much I can tell you about activities of this years yearbook staff: you are reading what they have produced for you. The changes are numerous - for one the book is out in time for you to get your friends to sign it. There will also be a supplement with third term sports, awards and grad in it, delivered to you in November all ready to slot into your 92 Stag. The yearbook staff sincerely hopes that all their hard work has gone to good use and that your 1992 school year is relieved repeatedly with the help of this annual.

## Library

Shawnigan Lake School library has become a virtual world library, with on-line access to the Province's three universities and Malaspina College (Nanaimo) libraries as well as the infinite Dialog data bases in Santa Clara, California. Our C.D. Rom drives, both networked and stand-alone stations, give us quick access to twelve C.D.'s, each containing 200,000 pages of text and full motion video and color graphics. The automatic catalogue also helps students use Boolean logic to access our growing and excellent collection.

### Speech Arts 1991-92

The Speech Arts Group at Shawnigan once again dominated the Cowichan Music Festival. We gained ten first places and seven second places. Marta Brisco was hilarious as a character from "Even Cowgirls Get The Blues". Rebecca Morley was thought - provoking in interpreting modern Canadian poetry. Stacey Wiren was haunting in a selection from 'Tess of the D'Urbervilles'. Katherine Silcock was moving enacting a scene of racial prejudice from the 1936 Olympic Games. Genevieve Teevan was the most

promising junior. Finally Sarah Hattingh captured the audience and adjudicator alike with her challenging selections from 'The Prime of Miss Jean Brodie' and 'Love in the Time of Cholera'. This resulted in her nomination to attend the Provincial Festival of the Arts in Vernon in May. Therefore she joins the exalted company of Carmen Zens (Provincial Champion, 1990) and Rosalynd Roome and Alastair Jarvis (Provincial Runner-ups, 1991). Best of luck in May, Sarah.

### Outreach 1991-92

The Outreach programme continues to thrive at Shawnigan. This year approximately 30 students have been involved in our local communities: Shawnigan Lake, Bobble Hill, Mill Bay and Cowichan Bay. We have been very active as assistants to the Beaver, Cub and Brownie leaders. Through these organizations our students gain valuable leadership skills while working with children. They also attend seminars and planning meetings which involve them directly in the organization of the programme.

Seven student have assisted handicapped riders every week at Providence Farm in Cowichan Bay. This is a very popular activity with our students and a programme which is growing rapidly.

Three very helpful boys have been doing all kinds of jobs around the homes of two elderly ladies in Shawnigan. Their work has been immensely appreciated by Mrs. Holt and Mrs. Bob.

During the year the student have also been canvassing for the Heart Foundation and have played a major role in the Community Service Day held in May.

Last, but not least, we have embarked on a new venture with the B.C. Children's Hospital in Vancouver. Grade 8 student have become pen pals with patients. Outreach is also raising funds for the hospital through various activities at school.

It has been a very rewarding year working with so many willing, mature and helpful students.

### Recycling

In a place like Shawnigan Lake School a lot of garbage is produced. Much of this is recyclable and reusable and so a group of students decided to help the environment and with the support of Mr. Noble and Ms. Montag, a recycling programme was developed. Bins were distributed to all residences as well as to the classrooms and offices to collect paper, pop cans and glass. Once every cycle, the Grade 8's collect all the bins and sort the material.

The teachers are also asked to participate in the programme. They can drop their recyclables in the depot, where they are sorted by the Recycling group and then taken to the CVRD which handles the processing.

The recycling group is to be commended on a very worthwhile initiative and congratulations to the students and staff for lending their support.

R. Montag

## Scapino

"Scapino" took the school by storm in November and was successfully staged also "on the road" in Vancouver for parents and alumnae. The play was a modernized version of a Moliere farce. Our slightly decrepit Assembly Hall was magically transformed into a bright Neapolitan harbour-side cafe comple with sound effects and boat.

The show's success awed much to a disciplined ensemble of young actors whose energy and fun were effectively communicated to the audience. We will never forget Adam Thomas (Scapino) attacking the sack, Tyler Hawkins (Sylvestro) being "crazy" and Jon Hyman (the bum) serenading Alice Stephen (the prim nurse) to a Julio Iglesias love song.

## Dance

Enjoying its second year as part of the Fine Arts program at Shawnigan, Dance is progressing quite literally by leaps and bounds! The program has a good mix of both senior and junior students, and a variety of dance techniques are studied.

Judson Heller, Kenneth Mak and Irfan Verjee have continued in the program after their outstanding debut last year. Ali Nazarali joined the group this year, and

these four young men are talented dancers exploring the intricate and highly athletic Rap dance technique.

Sarah Bendall, Carly Hall, Megan Jarvis and Jeni Millar are building a strong foundation in Ballet and Contemporary dance.

Again, a very talented group with plenty of enthusiasm for dance. Robin Roth shares her considerable expertise with this group. Her presence is valuable

and is appreciated by all.

Dance found a real home at Shawnigan this year with the opening of the new dance studio. Our thanks to Mr. Bruce-Lockhart for approving this facility.

Dance is a most thorough discipline demanding both athletic and artistic ability. The dancers this year have proved themselves a happy and creative group. Well done everyone!

## Sarah Robson, Kaye's, 2 years, Yellow Point

When I came here two years ago I didn't know what to expect. What I found was a lot of caring people who made my Grade 11 and 12 the best years so far. I'll never forget: rooming with Stef, Manning '92, stargazing, Washington summer/X-Mas, rootin, the book I wrote to Bec, Rowing '91, Bizz and Buzz, halfterm in Vancouver, Rounds, Yearbook, Summer '91, Varsity Volleyball '91, Cooking with GOD, Swimming at the quarry, Spastic Women Chemists of Canada, the fabulous funky flexible flibbertigibbet five. Bec thanks for the unfailing friendship, stay close. John thanks for the laughs. A little bit late aren't we Sam?! Stef thanks for being calm and supportive always. Rob and Bryna you're great! Nick . . . more than words, thanks for the memories love always aphrodite. I wish everyone all the best for the future, Reach for your dreams and be happy.

## Robin Roth, School, 3 years, School Prefect, Cowichan Bay

At first there was nothing . . . and then it snowed. Everything good soon followed - Ski Week 89-92, cave climbing, Rotin' and Chicksy at Mt. Washington and SNOWBOARDING. Silence . . . A building was built and sounds of Varsity Volleyball and Basketball will resound within forever. Silence. The need for self-expression, the art of photography, dance and yearbook were acquired. Responsibility logically followed - captain, the stress of editor and the honor of Schoolie-hood. All of this has brought me to where I am now. The future? I look towards France for the answers and hope that my journalistic aspirations follow me there. Thanks to all the people that have inspired me and shared my life thus far, it's been fun. It still will be - Remember always to practice random kindness and senseless acts of beauty."

Quotes: "Let's have another senseless discussion", Jibran S.; "Good Morning", Jibran S. "He who joyfully marches to music in rank and file has already earned my contempt. He has been given a large brain by mistake, since for him the spinal cord would fully suffice. This disgrace to civilisation should be done away with at once. Heroism at command, senseless brutality, deplorable love-of-country stance, how violently I hate all this, how despicable and ignoble war is; I would rather be torn to shreds than be a part of so base an action! It is my conviction that killing under the cloak of war is nothing but an act of murder." Albert Einstein  
Personal: I enjoyed my year here in Canada very much and I just want to thank everybody who made it so wonderful.

Picture yourself on cliff, not quite sure whether you're about to fall off or regain your balance. This is sort of what our season was like. We had a lot of potential, but unfortunately it took a long time to learn how to apply it. After constant reminders to "put your hands up!", "Think the ball into the basket" and "Square up to the hoop" from our two coaches Mr. Connolly and Mr. Sarsfield, our team finally shone as it could. Our final game against Q.M.S. was the first time all season where everyone on the team shot well, passed well and concentrated for the entire game. We racked up 63 points to Q.M.S.'s 34, this was definitely an example of ending on a high note. I would like to personally thank the team for their commitment, Bryna the Assistant Captain, for her dedicated play and support and Mr. Connolly for two years of superb coaching.

Thank you.

#### Senior Boys Basketball

"Yes, they have finally done it! Shawnigan Lake has WON the Friday night game against Brentwood.

This is what will be etched in most peoples memories about the Senior Boys season. The last time the Senior Boys beat Brentwood was . . . well, so long ago that no one remembers.

This season was a successful one for the team. They started very well but soon paid the price for such a long break at Christmas. The highlight of the season was either winning both Brentwood games (home and away) in front of large crowds or the third place finish (out of eight teams) in the Kwalikum tournament. In Kwalikum the team had two overtime victories. In the opening round against Ucluelet first, and then later for third place against Brentwood (after fouling out their starting five). Unfortunately the season came to an

anticlimactic finale with four of the starters, falling to injuries at the I.S.A. Tournament.

Consistent play and scoring could be counted upon from Gordon McGeachy and Mike Goodall who co-captained the team in their final year. Quinn Myhill-Jones could always be counted on for his tenacious defence and excellent ball handling. Other final year players Craig Whyte and Wyatt Killam improved vastly in their first year playing.

Returning players John Dewey, Hans Steidl and Harry Shebbeare will be a force to be dealt with. Doug Jocelyn, Scott Rickard and Irfan Verjee improved throughout the year and will all be solid players. Best of luck next year.

On a final note Mike Goodall was rewarded School Colours for his contributions over his four years at the school.

A special thanks to Nate Roberts, for taking it on the chin.

### Junior Boys Basketball

This year our team consisted of a talented group of grade 9's and 10's. We played seventeen games and won five. The captains were Judson Heller and myself.

Judson was usually our high scorer showing great feistiness in getting his own rebounds and putting them into the net. Luke Deering was our best shooter, Felix Hui our best dribbler and Chris Buchanan probably had the highest free throw percentage. Wayne Leung loved to foul, Cam

McDowell was a fine shooter as was Ken Mak and Charles Lee was best known for his passes. Nate Fowler was one of our most unselfish players, Danny Alexander was famous for his two-handed set shots and last but not least Spencer Tsai, a late arrival to the team, was a great asset as he always gave a 100% effort. Good luck to the juniors next year. I know I am looking forward to playing with the seniors next year (if they will have me).

Vadim Stavrakov (Captain)

## Basketball

J. Hsieh strikes a pose.

I have a good perspective of basketball since I was on the team last year. This year, we only had 10 members in grades 8 & 9 on the team. We all tried & tried, without much success, but everyone on the team was determined and we have really improved athletically. Then the flu hit us. Four people were too sick to play, but in the three games ahead, our defense was almost flawless. The team, only having one spare, played a really good game. Next year the team's grade nines will have a good experience, and hopefully have a more successful year.

Colleen Sarsfield - Captain  
Carly Hall - Co-captain

Well, it was not really a success but we had fun. Our best and worst games were against Brentwood. One game we lost 2 to 1 and the other game we lost. We had some fantastic coaching by Ian Bridge. Our top scorer was Ted who scored two goals . . . against us. There was hard work by Mark B. and Al S. and good goal tending by Sean. Thanks and good luck for next year.

## Swimming

Swimming this year was an adrenaline rushing experience! On the first day we were split into four groups depending upon our swimming ability. Six fearless individuals plunged into the lifeguarding course, while the rest of us were flung into either the Bronze Medallion group, the Senior Resuscitation group or the infamous Lifesaving group. To our dismay, Mr. MacIntosh couldn't attend the party at the Duncan Pool for a few weeks due to a knee injury. We missed him ever so much as we drowned our sorrowful concern, but all in all, it was a memorable and worthwhile term as we all improved our swimming technique and skills.

Well, what can really be said about S.L.S.'s hockey team? We completed yet another successful season, topped off by winning the I.S.A. tournament for the third year running. As usual, the team was held together by the incredible goal tending of Darren Turecki, who was solid throughout the year. A much improved Luke Barber and his booming shot was stellar on the point, and Jeff Lemieux, Craig Whyte, David Edgar and the unexpected scoring touch of Wyatt Killam did much to help the team offensively. all in all it was a fun season of hockey and a good one on which to end for the Grade 12's. As far as next year goes, if they find a goalie, I wish them the best of luck. Thanks Lou.

## Sr. Rowing

This year's crew has done a great job of preparing next year's crew for some winning results. Though we didn't usually place in our races, the competition was bigger and older and helped us gain valuable experience. Some good results did come from trying new things. Kelly and Stefanie tried their luck in a double and surprised themselves. After practicing two extra days a week for three months they came off the water with a fourth place finish in their best race, losing to crews that were older and more experienced. The eight placed first in the False Creek Challenge Regatta. Our best road trip was when we went to Seattle for the opening day of yachting season and an extra day of rowing at Green Lake in a fun regatta. The best part was the cake race (we'll hear about Cecil forever) in which we rowed in mixed boats with Green Lake and our arch enemies Brentwood. We were hanging ten in Kamloops during our unsuccessful search for the finish line through tidal waves and dust bowls. We will always remember our non-existent warm-up runs to Mason's. On the whole, our young crew, consisting mainly of grade elevens, caught on quickly to new concepts and will hopefully develop these ideas more fully next year. Kelly Jellema (Captain)

The varsity boys VIII has had a very interesting and somewhat strenuous season. We managed to maintain a strong level of fitness which increased the boat speed significantly. The attitudes of everyone on the crew remained positive. The pressure when racing proved to be difficult, and yet we were still able to sustain several strong standings, both in the "Open Eight" event at the B.C. Championships and Opening Day Regatta in Seattle, Washington. The athletes who made up the varsity are unlike any other I have ever been on a team with. Sam Price, Bryan Donnelly, Ryan Bowes and Jon Fane's power, Sonny Mehta's determination, Derek Pattison and Jeff Croft's hard work and Nick Smith and myself as stern pair were kept all together by our fearless coxswain, Bryce Bendickson.

Our coach Mr. Lawry guided us through the season. He was persistent, organized and pushed us onward to achieve high goals. From all of us, "Thank you, Mr. Lawry, you're an unbelievable coach!"

A senior crew has been selected to compete and represent Shawnigan at the Royal Henley Regatta in England this summer. I would like to wish them success and good luck. I believe they will represent Shawnigan well.

## Jr. Rowing

This year's junior boys' rowing program succeeded in a variety of ways. New to the program, we welcomed our two new coaches Mrs. Lowry and Mr. Castle. All of the crew members were trained well in preparing for the third term regattas, and we brought back results. Our primary crew, Jr. B 8, placed second overall this year. Our Novice 4 crew rowed undefeated this season taking the gold at the B.C. Championships. The programme also introduced small boats to our rowers this year which was an asset to the programme. We entered doubles and singles in

some regattas, however, not all of them made it to the starting line because of Mr. Castle's dyslexic style of rigging boats.

Our success could not have been achieved without the dedication of Mrs. Lowry and Mr. Castle.

"Say rowing!" Kristen, Alice and Ciarra show off their ribbon.

This year the Junior Girls started out with a completely new crew except for Alice, Kristen and Sheana, who each had a year's experience.

At the Brentwood regatta, the Junior B 4+ and 8+ both placed 2nd and at the Delta Deas Regatta the Junior B 8+ placed 1st place in a J.V. 8+ race. The novice B 4+ also placed third in their race.

This year the crew was exceptionally high spirited (especially during colossal water fights). Each crew member was enthusiastic and the determination to improve our level of skill was shared by all.

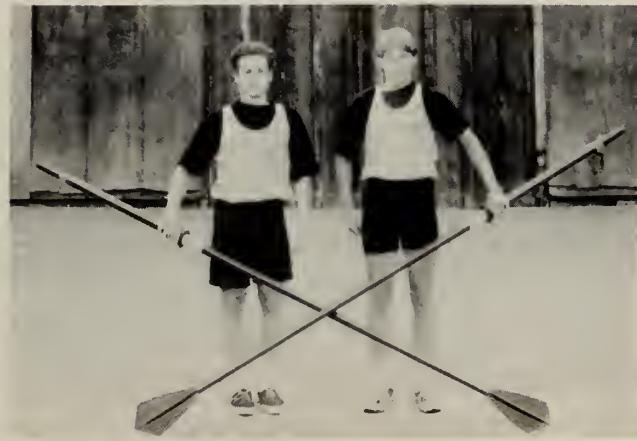

Assisting Ms. Montag in coaching us was Mike Keeling who joined us after the Christmas break. With their help and enthusiastic coaching, we went on to win several more events.

You know what I like best about rowing? The swimming afterwards!

# Sailing

Sailing, a strong, intense hard-fought sport. A sport that drains the mind and the body. A sport of complex tactics and rules.

We sailed in very few, but hard regattas this year. The major one was the Maple Bay regatta, a very demanding one with strong winds and fierce competition. We entered six lasers and came back with one third place, by Tom Story and one first place by Dave Ransom.

It has been a building year for our younger sailors. This enthusiastic group shows a lot of promise for the future. We had some fantastic sailors - Tom Story having a consistent year, Dave Ransom who is constantly improving and shows a lot of promise for next year. Thanks to Mr. Sarsfield for helping out down on the docks and on the water. Most of all, thanks to Mr. Grass for organizing regattas and for his coaching.

# Field Hockey

This year has been a building year for our field hockey program as both the 1st & 2nd XI teams had only four or five players with any history in the game. The void was filled by a group of eager and enthusiastic individuals. In the end, our season had a split of wins and losses in very tight games that could have gone either way. Most points were scored from the strong line of forwards, including Mark Bremner, Felix Hui, Gord McGeachy and Doug Jocelyn.

The seconds had strong play from Hans Steidl and Jay Larsen. Two players who worked especially hard for the juniors were Anthony McCaffrey and Young Min Nam.

A special thanks is due to Mr. Lane and Ms. Armstrong for coaching the firsts and seconds and to Ms. Lowes for her work with the juniors. The program this year was enjoyable as always and I hope that it will continue to thrive in the future.

# Track and Field

Outstanding, simply outstanding. The attitude of the Track & Field team this year is what stands out the most. Every single team member had their own success in the various events. Whether it was a personal best or a school record, everybody made progress.

Congratulations to Alana Husby for making the school records

in shotput, discus, and javelin. Alana is the first female thrower of this school, and has earned the respect of the other team members.

Congratulations to Judson Heller who qualified for the B.C. Provincials in his 100 meter hurdles. I also qualified for the provincials in javelin and discus. I would like to thank Mr. Payne, Mr.

Austin and Mr. Noble for doing an excellent job at coaching the team. To all the team members and the coaches, thank you and always remember to run a little faster, throw a little farther, and jump a little higher.

# Soccer

Ian Johansen attempts to score a goal.

This year's summer term was the first time Shawnigan had had a rec. soccer team. It is also the first time we've had a mixed competitive sport. Our team consisted of girls and junior boys.

Mr. Dickens and Mr. Williams took turns coaching us on alternate game days. We never did drills or warm-ups by running the field. The point of rec. soccer was purely to have fun. Each game day we divided ourselves into four teams and scrimmaged for an hour. Our coaches, and sometimes Kyle and Evan Williams, always played with us.

I think that everybody on the team really enjoyed the season and thought that it was a good experience having a mixed team. The number of people that signed up was great and the spirit and attitude of the players was always positive. Hopefully mixed rec. soccer will continue in the years to come.

Thanks to everyone on the team, especially Mr. Dickens and Mr. Williams for making soccer so enjoyable.

Jennie Eyring

# Tennis

This year's senior tennis season proved to be a challenge. Starting with exhibition matches and an adult tournament in Nanaimo, our team gained confidence. The senior boys won the I.S.A. competition, and the team managed to beat Brentwood and S.M.U. to qualify for the Provincials as number one seed on the island. Unfortunately, the team did not do as well as expected. Back at Shawnigan, top competitors in both boys and girls battled it out for the Grogan and Chu Cups. Alvaro Santistevan played a tough match against Harry Shebbeare and came out victorious for his third Grogan win. For the second year, Joyce Yen and Zoë Stronge met in the final. This year Zoë was able to take the cup. In

the "Coupe de toute saison" mixed doubles tournament, Alvaro and Joyce combined forces to win the trophy. In inter-house competition, Lonsdale's and School House came first. Special mention goes to Alvaro Santistevan and Danny Alexander for winning all their singles matches, and to Jason Rai/Doug Jocelyn, and Anthony McCaffrey/Cam McDowell who won all of their doubles matches. Thanks to Mr. Candelaria and Mr. Carr for their time and patience. To all the future tennis players good luck and may the ball always bounce in your favor.

# Golf

Doug DeBeck lines up a shot.

The junior tennis team this year started and ended really well. Every player on the team was enthusiastic and they were all very competitive. One of the factors that made this year such a success was our team spirit. The team always cheered each other on no matter what the situation was. The boys were very confident entering the I.S.A. Championships held at U.B.C. Unfortunately the team finished a disappointing

This year, the Shawnigan Lake Golf team played in two tournaments. Our first was the I.S.A. Championship at Capilano Golf & Country Club. The next was the Island Schools' Championship. In both of these, the S.L.S. golf team did very well and had a great time.

In the Inter-house golf event, it was a hard struggle with very close

scores. Ripley's House claimed victory in the end. In the Goody Cup event, the best golfers in the school teed off and in the end an underdog won. David Edgar proved his superiority in the sport and took the cup. All in all, this year of golf at S.L.S. was fun and exciting. "Keep on golfin', and please replace your divits!"

This year's cycling team consisted of five people: David Croft, Jason LeFevre, Mike Martin, Houston Peschl and Marcus Steiner. This year's team had a lot of potential but unfortunately we battled sickness and a record number of breakdowns and enough flat tires for someone to re-open a local bike store.

We attended four races: Mt. Doug Hill Climb, time trial, Tour du Dump and the Shawnigan Tour du Lac. The Tour du Lac was the biggest race and by far the longest (62 km). Dave Croft did remarkably well with a third place finish.

Good luck in future races and ride safely.

Thank you Mr. Simonton.  
Marcus Steiner

The 75 kilometer hike along the West Coast Trail this year was the best adventure there to date. We had great fun with two bonfires on the beach and made our own musical instruments from driftwood, bouys and spoons to serenade the full moon and the fading pink horizon. Each day was unique with elements of beach or shelf walking mixed with root and mud trails. Ladders, cable cars, ropes, boulder hopping and suspension bridge crossing characterized some of our landscape. We met hikers from around the world and introduced Shawnigan Lake to them through us.

## Graduation Speech '92

Who would have thought it would end like this? Almost five years have passed since I first visited the school. I was just tall enough to see the main building over the front seat of our car. Since that time, we have all seen the school undergo innumerable changes: with the beginning of co-education, the construction of School House, Kaye's House, and the Annex, the leadership of three headmasters, and now, the last male graduates of Groves' House. These changes have affected us all, both positively and adversely at different times.

During these five years, we, too, have changed and developed as individuals, and as a class. Whether it was running through the tunnel as a member of the first fifteen, or bagging the lead role in a play, we have all been given the opportunity to achieve our full potential in this school. I speak for most of us, however, when I say that these are not the most valuable memories that we will leave with tomorrow. Beyond all of the achievements, is the sense of community, the friendships we have formed over the years. As our recollection of the school becomes more nostalgic, the events that will remain fondly in our memories will be late night discussions with roommates, experiences on tour, and camping out with the Headmaster.

The results of these experiences and memories bring us to this day, and Graduation. We see here the culmination of many people's efforts. For our parents, it is the result of eighteen years of nurturing. For our teachers, both in and out of the classroom, we represent the fruits of their labour. To these people, and the countless others involved in the achievements of today, the entire Grad class owes a very heartfelt thank you, as without you, today would never have been possible. This is very much a personal achievement for each Graduate, however, as the work that we have done has been for our own benefit and satisfaction. There have been difficult times for all of us, but the fact that we are sitting here today demonstrates that we have worked through them, and that we are ready for the new challenges that await us.

It could be said that this year, the change to co-education is complete, as today 12 boys will graduate, being the last to have known Shawnigan as an all-boys' school. To these boys, I would like to say that we have been fortunate to have experienced the school in the most dynamic moments in its history. Keep these memories of the old school alive, as it moves away from its past. At the same time, however, we must acknowledge the contribution that the girls have made to the school. They are now very much a part of life at Shawnigan: I think inter-house academics can vouch for that.

Altogether, this will be a day of lasts. Most importantly, it will be the last day that we will spend together as students of Shawnigan Lake. That is what makes Graduation at Shawnigan so significant. At day schools, Graduation is simply a ceremony and a diploma, but here we are celebrating the end of a way of life. The end of something which has dominated our thinking, and perspective for as long as five years. As we encounter the culture shock of the world outside Shawnigan, and we spread throughout the globe leading our separate lives, let us never forget that we have all shared in something special here. There will be moments of loneliness, and regret. At those times, it will be important to remember what we have learned here about people, and friendships, and memories.

The last thing I wanted to do today was to speak a lot of flowery words just to bring out a few tears, but this is an emotional moment. I think that I can speak for every Grad in saying that when we leave those school gates tomorrow morning, for the last time as a student, it will be with a tear in our eye, and the thought that maybe, just maybe, our time here passed a little too quickly.

Nicholas Smith

Mr. Hall takes a break on the way to Amsterdam.

The tour consisted of a major rampage throughout Scotland and Ireland, playing teams in both countries. The 1st XV and 2nd XV had five games each with a combined record of three wins, six losses, and one tie. We played some of the best rugby we have ever played as a high school team and witnessed some tackles that knocked the opposition right out of their shoes right Monkey!!!! As Dave Edgar said, "The billets' mothers showed us a good time!" Being a touring side representing Canada, we had no set-backs. Just ask John Spencer-Nairn who experienced some of the best Scottish tartan ever! The long bus and train rides were shortened with many sessions of "Kangaroo Court", but remember, you can't get fined if you miss the train! The money raised in court was put to good use with an end-of-tour banquet where we all experienced "Haggis". Awards were given out and all anyone could talk about was how much fun the tour had been. We would like to say a special thanks to Mr. Hall, Mr. Dickens, Mr. McGeachy, Bud Patel and Mr. MacPherson .

Dreading our nine hour flight out of Vancouver, some of us slept, but most of us nagged the stewardess to serve us . . . (our meals!) London was cool - Hard Rock Café, Big Ben, Bangers and Mash, Rude Technofunk D.J.'s. Paris was unbelievable - Red Light Zone, Eiffel Tower, Dominick the tattoo artist. Venice was beautiful - San Marco's Square, Cultural Ballet, Swiss Border Inspectors. Rome was different - Coliseum Suicide, Violent Postcard Venders, 1000 year old ruins. Nice and Monte Carlo were rich! - crummy Gypsies, evening on the Riviera. Our numerous train rides were also quite an experience - slimy conductors, Italian bottled beverages, TGV. Thanks to Mr. Grey, Mrs. Towner and Mr. Anderson for putting up with us during the trip! It was a great experience and I know that a few of us came back with souvenirs that will be with us forever.
